MATRIX ULTRA

MATRIX
LEADING INNOVATION

Innovative Weapons
Storage for better
control

OVERVIEW

Matrix is a revolutionary system which enables a secure storage of weapons, ammunition, radios, keys and other security gear while the access to each item is fully managed.

The system keep track of every transaction made and helps you to stay in control over knowing who took what, when and for what propose.

HOW DOES IT WORK

1 Identify
Biometric / RFID Tag Pin code

2 Select item
According to personal authorizations

3 Receive access
To the requested item only

Video Records
For an even higher level of security, a dedicated camera can be added to capture every transaction

Fits your needs

Design your own drawers by selecting any combination of 19 bin sizes to utilize capacity.

From a key size compartment to laptop size – everything is possible!

MATRIX ULTRA

The control you want
with the
security you need!

Video log

Limit system access to working hours only

Limit the number of items that a user can hold at the same time

Require users to report check out reason

Determine due date of each key

Send alerts when item wasn't returned on time (user + manager)

Document every transaction by video camera

Send alerts when a drawer was forced open and start the camera

Control from a remote location
